

# Introduction to Enterprise Risk Management

The Enterprise Risk Management (ERM) course provides a comprehensive understanding of the pivotal role ERM plays within an organization. The course is designed to equip participants with the knowledge and skills necessary to effectively manage risks, align priorities, and foster a risk-aware culture.

## Course Objectives

- **Strategic Role of ERM:** Understand the pivotal role of ERM in organizational success, emphasizing its contribution to strategic decision-making and long-term resilience.
- **Risk Identification and Assessment:** Gain proficiency in the basic steps, techniques, and concepts for identifying and assessing organizational risks, enabling proactive risk management strategies.
- **Aligning Priorities with Risk Appetite:** Learn how to align organizational priorities, actions, and culture with an acceptable level of risk, ensuring a balanced approach to risk-taking that supports business objectives.
- **ERM Governance Structure:** Identify best practices for establishing an effective ERM governance structure, providing a foundation for a robust risk management framework aligned with organizational objectives.

## Course Specifications

 CPE Credits 8

 Training Format  
Virtual-Live

### Program Benefits

#### ✓ Get your training via Flexible Learning Options

Explore our performance-focused training and certification paths in virtual-live, on-demand, or in-person settings. No matter your chosen format, engage with peers, join focused sessions, and more.

#### ✓ Develop a Comprehensive Skill Set for Your Desired Area

Our programs cover strategy, planning, and execution. With over 20 years in the public sector, we guarantee your team excels in decision-making and gains sector-specific expertise.

#### ✓ Deliver Efficient Solutions for Your Agency

Elevate your performance management capabilities to enhance project efficiencies and provide performance-based solutions to citizens.

## Bring Performance Institute Training and Certification On-Site to Your Organization

Empower your team with the Certified Government Performance Manager (CGPM) program from The Performance Institute. Gain the expertise to lead performance management initiatives within your organization effectively.

Our program offers two certification options: **a standard certificate with a brief examination and an advanced certificate involving a capstone project. With the advanced certificate, you'll tackle a real-world project from your agency, applying course concepts and receiving expert feedback.**

Upon certification completion, you'll earn both professional distinction and academic credit. The Performance Institute is accredited by the National Association of State Boards of Accountancy (NASBA).

Customize the CGPM program to meet your organization's unique needs. On-site training for groups of seven to 30 ensures optimal utilization of your training budget. Our subject matter experts will collaborate with you to identify specific organizational requirements and tailor the training accordingly.

Interactive exercises based on real-life examples from your organization foster an engaging learning environment while delivering immediate ROI on your training investment. Address specific challenges and align session curricula with your objectives seamlessly.
