

# Logic Model

Logic Model provides a logical chain of events to that is a blueprint for mission achievement. They start with organizational goals and graphically represent the rationale behind program activities and resource requirements. Using Logic Models will integrate the various program activities into a cohesive whole, that can be used as a tool for planning, program management, and evaluation.

## Course Objectives

- Integrate logic models into your planning and execution cycle.
- Provide the insight needed to develop various reporting and planning requirements.
- Using a Logic Model leads to the development of performance measures.
- Benefits of using logic models in the development of program outcomes and aligned activities.

## Course Specifications

**CPE Credits 8**

**Training Format**  
Virtual-Live

**Length** 1 Day (8hr)

**Modules** 5

**\$1,095 USD**

Virtual-Live | Instructor Led

**\* Intended for** Change leaders, Project managers, Change management practitioners, Continuous improvement specialists and IT professionals.

## Program Benefits

### ✓ Get your training via Flexible Learning Options

Explore our performance-focused training and certification paths in virtual-live, on-demand, or in-person settings. No matter your chosen format, engage with peers, join focused sessions, and more.

### ✓ Develop a Comprehensive Skill Set for Your Desired Area

Our programs cover strategy, planning, and execution. With over 20 years in the public sector, we guarantee your team excels in decision-making and gains sector-specific expertise.

### ✓ Deliver Efficient Solutions for Your Agency

Elevate your performance management capabilities to enhance project efficiencies and provide performance-based solutions to citizens.

## Bring Performance Institute Training and Certification On-Site to Your Organization

Empower your team with the Certified Government Performance Manager (CGPM) program from The Performance Institute. Gain the expertise to lead performance management initiatives within your organization effectively.

Our program offers two certification options: **a standard certificate with a brief examination and an advanced certificate involving a capstone project. With the advanced certificate, you'll tackle a real-world project from your agency, applying course concepts and receiving expert feedback.**

Upon certification completion, you'll earn both professional distinction and academic credit. The Performance Institute is accredited by the National Association of State Boards of Accountancy (NASBA).

Customize the CGPM program to meet your organization's unique needs. On-site training for groups of seven to 30 ensures optimal utilization of your training budget. Our subject matter experts will collaborate with you to identify specific organizational requirements and tailor the training accordingly.

Interactive exercises based on real-life examples from your organization foster an engaging learning environment while delivering immediate ROI on your training investment. Address specific challenges and align session curricula with your objectives seamlessly.
