

# Performance Institute Certification Programs

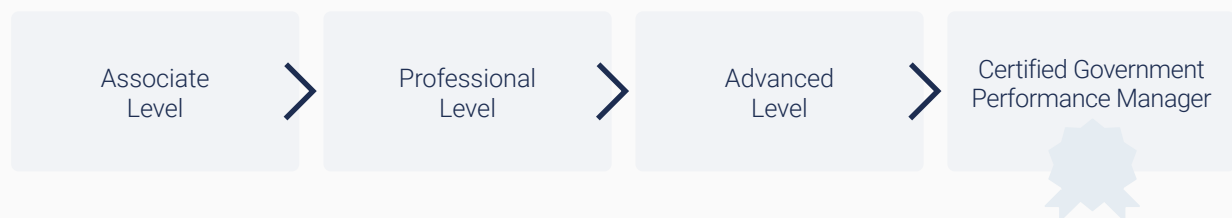

Elevate Your Performance Management Skills

## What is the Government Performance Manager Certification?

- Elevate your skills: The Government Performance Manager (CGPM) Certification Program equips you with the necessary skills and tools to become the lead performance management resource in your organization.
- Comprehensive training: Our program provides a thorough understanding of key performance management concepts and best practices through online training.
- Become a proficient manager: Acquire the knowledge and skills needed to effectively manage and improve government performance.
- Choose your path: With a full suite of Certified Government Performance Manager training programs, you can tailor your certification journey to suit your career goals and aspirations.

## Certification Levels

### Associate Level

Build the foundation for performance measurement and management in your organization. With the Associate Certified Government Performance Manager (CGPM) program, you will acquire the skills and tools needed to make you the lead performance management resource for your organization.

*As a candidate for our Associate level certificate, you will complete a full-week program with 40 CPE Credits.*

## Professional Level

The Professional Level requires the CGPM Associate Level Certification plus a full-week program with a total of 40 CPE Credits.

## Advanced Level

Our Advanced Level Certification builds upon your professional level certification and two new courses:

*Upon completion of your project, a team of performance institute fellows will review and grade your project. Once your capstone project is approved you will be awarded your Government Performance Manager Advanced Certification.*
